Capt. John S. Quarles Author of Four Mile Law.

The following is taken from the Upper Cumberland published in Gainesboro, June 18, 1881.

Occasionally it has been going the rounds of the papers that this one and then some other one was the author of the famous four mile law, that has accomplished so much in the land. I have taken the trouble to investigate the matter and find that the Smith County Progress and other papers are mistaken about the paternity of this beneficent Act. On the 14th day of March 1877, the bill to prohibit the sale of intoxicating liquors in four miles of an incorporated institution of learning was introduced into the lower House of the General Assembly by the Hon. John S. Quarles. About the same time similar bill was introduced in the Senate by Hon. S. C. Maddux of Shelby County. As is usual the Senate bill got through that body first and went to the house. When Quarles' bill came up for passage in the House the Senate bill was substituted for it and the Journals of 1877 show these facts. So our own representative Capt. Quarles, and Senator Maddux, are the authors of this law that has clothed and fed so many orphans, dried the tears of so many wives and brought happiness to so many homes in Tennessee. All honor to them. If they never do another good deed for this their names, with those who supported the measure, should be emblazoned upon the highest niche in the temple of honor, as they will be remembered in the affections of millions of people yet unborn.

County Agent Organize Cheese Factory

At a meeting of the citizens of Defeated Creek, called by County Agent, D. M. Galloway, for the purpose of considering the advisability of organizing and establishing a cheese factory in the community, it was unanimously agreed that any measure that would give a good market for surplus milk, encourage the better care and feeding of milch cows, the sowing of more winter cover and pasture crops, the better care of manure, and the consequent improvement of the fertility of the soil, would be well worth while to the community. A committee was appointed to investigate. Thirty-nine citizens subscribed for forty shares of stock, and sufficient milk to

supply the factory was pledged by the citizens. Mr. G. N. Tabey, Cheese Specialist of the Department of Agriculture, explained fully the process of making and described the building and equipment that would be necessary. A permanent organization was then formed, by the election of a board of five directors; of whom the following are members: W. B. Robinson, President; T. T. Kemp, Vice President; B. B. West, Secretary-treasurer; A. L. Williams; J. D. Beasley. It was decided that all stock should be paid in by Saturday, March 15th, so that the Board of Directors, who were empowered to proceed with the selection of a site, the erection of the building and purchase of equipment, might have the necessary funds with which to begin operations at once.

The following morning several sites were inspected, and one finally chosen for the location of the factory, a few hundred yards north of Defeated. Water from a splendid spring will be piped to the factory, so a constant supply of fresh water will be available. Order for the equipment has been made, and it is the intention of the Board of Directors to rush the erection of the building so that it will be ready by the time the machinery arrives. It is hoped that the factory will be ready for operation by the middle of April, so as to take care of the large supply of spring milk that will be available by that time.

This factory is to be entirely co-operative as the name, Defeated Creek Cooperative Cheese Factory Association, chosen by the stock holders, indicates. When the 6 per cent interest on the stock and the expense of manufacturing the cheese is deducted from the amount received for the cheese by the factory, all the remainder will be divided among the patrons of the factory according to the amount of butter-fat contained in the sweet milk furnished by each one. —Carthage Courier.

Why Suffer?

Mrs. J. A. Cox, of Anderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui."

Strange Animal Killed.

Robert Carter, who lives on the farm of H. C. Hall, recently caught in a steel trap a strange animal, probably a wild cat or catamount. A large hawk had killed a hen belonging to Mr. Carter, who afterwards caught the hawk in a steel trap. He then placed the dead fowls near each other, setting three large traps near them. The next morning he found in one of the traps a grizzly-brown colored animal, weighing 15 or 20 pounds caught by a fore leg. Taking a forked pole he pinned the animal's head to the ground, earless it from the trap, and set his dog upon it. The big cat soon proved to much for this dog and also for another belonging to a neighbor, and Mr. Carter thinks that had it not been for the injury to its foot, it could have whipped half a dozen dogs. The animal would give a piercing squal, spring into the air and land upon the dog's head, biting and scratching savagely, and almost tore and ear off one of the dogs. It was finally knocked in the head by Mr. Carter and killed. He states the animal's eyes protruded to a great extent, and were set slanting in its head. The animal was captured near Whitley's Rock on the Cumberland river, about 3 1/2 miles from town.—Hartsville-vidette.
